THE RISE DUCT SEALING SYSTEM – WATER, GAS AND FIRE TIGHT

The Rise Duct Multi-cable and Pipe Transit Sealing System provides an effective and simple solution to all fire, gas and watertight duct sealing requirements.

Key Benefits:

- Cost effective, up to 4 hours fire protection. Quick and Easy to Install
- High Levels of Gas and Water-tightness
- Ensures DSEAR Compliance
- WIMES Compliant
- Easy re-entry for adding cables
- Few Components
- No Frame Required
- Suitable for Trefoil cables
- Resistant to Methane, Hydrogen, Sulphide and Chlorine
- Complies with ATEX Regulations
